MBBS PROGRAM

AIU offers a globally recognized 6-year MBBS program (5 years academic + 1 year internship) designed to develop future-ready doctors through a balance of theory, clinical skills, and research. The program follows modern international medical education standards with a South Asian-friendly academic environment.

CURRICULUM STRUCTURE:

Years 1–2: Pre-Clinical Sciences

Anatomy, Physiology, Biochemistry, Histology.

Years 3–4: Para-Clinical & Early Clinical Exposure

Pathology, Pharmacology, Microbiology, Forensic Medicine, proped-therapy, proped surgery, proped pediatrics, PSM.

Year 5: Core Clinical Rotations

Internal Medicine, Surgery, Pediatrics, Obstetrics & Gynecology, Psychiatry, Orthopedics.

Year 6: Internship

Hands-on training across departments in affiliated hospitals under supervision.

LEARNING METHODOLOGY:

- ✓ Small group discussions and case-based learning
- ✓ Simulation labs for procedural skills
- ✓ Early patient interaction and bedside teaching
- ✓ Continuous FMGE, USMLE, AMC, and GMC exam preparation from Year 1

WHY CHOOSE AIU?

- ✓ Recognized by WHO, NMC, and other international medical bodies
- ✓ Faculty from India, Nepal, Bangladesh & other South Asian countries
- ✓ Clinical training in modern hospitals with advanced infrastructure
- ✓ Academic support for global licensing exams (FMGE, USMLE, PLAB, AMC, GMC)
- ✓ Indian Mess with Vegetarian & Non-Vegetarian Options
- ✓ Comfortable and Secure Hostel (separate for boys & girls)
- ✓ Digital Library, Wi-Fi Campus & Study Lounges
- ✓ Sports, Wellness & Cultural Activities

AIU FACILITY

Smart Classrooms use cutting-edge technology to deliver dynamic, engaging, & future-focused learning experiences, enhancing student participation and collaboration.

The Simulation Center provides hands-on, life-like training environments that prepare students for real-world scenarios with confidence and competence.

Labs give students the tools to experiment, innovate, and excel in real-world applications. They create a dynamic learning environment where students turn ideas into action and theory into tangible results.

AIU library offers extensive book collections, digital resources, academic journals, and collaborative spaces that support research, self-study, and teamwork—all within a modern, tech-enabled environment.

AIU Band showcases student talent through music, creativity, and teamwork. It encourages artistic expression and builds confidence while providing opportunities to perform at various events and represent the institution.

State-of-the-art sports facilities for football, cricket, basketball, volleyball, and more encourage students to stay active while promoting physical fitness through both competitive and recreational activities.

AIU Hostel provides a safe, comfortable, and well-maintained living environment for students. It supports academic focus with essential amenities, a disciplined atmosphere, and a homely setting that promotes well-being, interaction, and a balanced student life.

The mess offers hygienic, nutritious, and balanced meals to meet students' daily dietary needs. It maintains high standards of cleanliness and quality while ensuring a variety of food options that support healthy living and overall student wellness.
